PROFILE

Passionate Computer Science & Technology student with a strong interest in Python programming, Artificial Intelligence and Machine Learning. Enjoys learning by building practical projects, analyzing data, and contributing to student communities. Eager to develop technical, communication, leadership and problem-solving skills through meaningful projects and collaborative work.

EDUCATION

Diploma in Computer Science & Technology — Dhaka Polytechnic Institute
Currently pursuing
Secondary School Certificate (SSC), 2025 — GPA: 4.78

TECHNICAL SKILLS

Python Programming • Data Analysis • NumPy • Pandas • HTML & CSS • Git & GitHub • Microsoft Office • Jupyter Notebook

LEADERSHIP & ACTIVITIES

• **Campus Ambassador — Ingenious Community:** Promoting community activities and engaging with students.
• **Mentor / Teaching — DPI Computing Society:** Supporting beginner-level Python learning and programming activities.
• **Student Activities:** Participated in technology, data science, programming and robotics-related learning and competitions.

PROJECTS

• **Python Flappy Bird Game:** Built a playable 2D game using Python and Pygame to practice programming logic, event handling and game mechanics.
• **Data Analysis & Cleaning Project:** Worked with CSV datasets using Python, NumPy and Pandas, including duplicate removal, missing-value analysis and data cleaning.
• **Personal Portfolio Website:** Developed a personal web portfolio using HTML, CSS and JavaScript to present skills, projects and profile information.

CORE STRENGTHS

Communication • Teamwork • Leadership • Problem Solving • Fast Learning • Adaptability

LANGUAGES

Bangla — Native | English — Working proficiency
